# INTRODUCING THE BUFFETBOOST™ COLLECTION

## A PORTABLE FOOD WARMING SOLUTION

Introducing the BuffetBoost Collection, where culinary excellence meets innovation in food presentation. Our BuffetBoost Warming Block is your solution for maintaining hot food at safe temperatures, offering the versatility to be powered by an AC adapter or by a battery for on-the-go convenience.

With its sleek design and compact footprint, it seamlessly fits into any buffet setup, whether you're serving a small gathering or a grand event. Customize your display by pairing multiple warming blocks for larger serving vessels. Pair with our compatible crates, available in a variety of finishes, to integrate into your buffet's presentation.

## HOW IT WORKS

- The BuffetBoost Warming Block works through surface-to-surface contact.
- Can be used with AC adapter for continuous heat or with the BuffetBoost Lithium-Ion Battery for portable heat.
- Aluminum surface heats up to 190°F in just 7 minutes.
- Removable battery charges in less than 2 hours and keeps hot food warm for over 3 hours\*.
- Works with any flat-bottomed, heat-conductive vessel.
- Use a lidded vessel for best results.

### BuffetBoost Warming Block

The cornerstone of our BuffetBoost line, the Warming Block, is an elegant solution for keeping hot food at safe temperatures for extended periods. Its sleek, minimalist design and small footprint make it a seamless addition to any buffet setup. Versatile and efficient, it can be powered through an AC adapter or by the portable BuffetBoost Lithium-Ion battery (sold separately). This ensures your culinary offerings remain at the perfect temperature, no matter the setting.
