# GLOBAL TABLEWARE COLLECTIVE

Global Tableware Collective (GTC) is a pioneering initiative in the hospitality industry, dedicated to enhancing the tabletop market through collaboration and innovation. Our mission is to empower under-represented brands by providing them with a platform to thrive collectively, which enables access to resources, expertise, and distribution channels previously out of reach. With showrooms in key metropolitan hubs like New York and Chicago, GTC is prepared to redefine standards of excellence in the hospitality industry, one table setting at a time.

GTC's product portfolio begins with our cornerstone brand, Stölzle Lausitz, which exemplifies our values of quality, craftsmanship, and innovation. As we grow, we will continue to curate and expand the collection, ensuring each addition aligns with our high standards. With strategic partnerships and dedicated support, GTC aims to offer a diverse range of products that cater to various dining experiences, from high-end restaurants to casual eateries. The GTC portfolio represents the beginning of a journey towards redefining excellence in hospitality tabletop offerings.

# Stölzle Lausitz

1889

Stölzle Lausitz has been an award-winning leader in high-performance, lead-free crystal for more than 135 years. Originating in Lusatia, Germany – the center of glassmaking since the Middle Ages – Stölzle provides the hospitality industry with a long-lasting, high-quality product. From elegant, crystalline stems to contemporary metallic finish on glass, Stölzle Lausitz offers a variety of beverage ware to suit the commercial foodservice operator.

Nestled in the picturesque Lausitz region of Germany, the town of Weisswasser is home to Stölzle, a distinguished producer of premium machine-made, lead-free crystal. Weisswasser's rich heritage in glassmaking dates back centuries, and Stölzle continues this tradition with its dedication to crafting the finest crystal products. Renowned for their exceptional quality and precision, Stölzle's creations exemplify the excellence of German craftsmanship, blending timeless elegance with cutting-edge technology.

# Q1

Q1 is the exclusive, mouth-blown premium collection from Stölzle Lausitz. The glasses are handmade using traditional glassmaking skills and are particularly delicate with a pleasantly lightweight feel in the hand. The drawn stem of the goblets is long and fine, making this collection extremely elegant. The widest part of the wine glasses is set low: this not only gives them an extravagant design, but also offers the wine plenty of room to breathe and develop its aromas when the volume is small. Alternatively, anyone who appreciates the extraordinary design of Q1, but places more value on suitability for everyday use, should choose the glasses from the machine-made Stölzle Quatrophil collection. These glasses have the same, chic and modern design, but are more robust and durable.

# Cocoon

Embrace innovation with cocoon-inspired wine glasses, designed to transform your wine's aromatic profile. The unique shape allows the concept of 'aroma development' to appear in completely new facets, and it ensures optimal aeration, enhancing the flavors with every swirl. The longer the wine rests in the Cocoon, the more its flavors evolve. Combining sleek, contemporary design with lightweight construction, a thin stem, and delicate walls, this glass embodies the precision and creativity behind its creation.

# Revolution

Designed by renowned architect, Professor Wilhelm Holzbauer and wine expert Heinz Kammerer, Revolution redefines glassware. Instead of focusing on individual grape varieties, these glasses are tailored to factors like acidity, ripeness, tannin, viscosity, and aroma of the wine. This innovative approach results in a versatile collection that excels in both functionality and design.

# Ultra

Designed for optimal handling, the Ultra goblets feature intentionally reduced stems, making them easier to clean in dishwashers and carry on a tray due to their low balance point. This thoughtful design also simplifies storage. Despite the shorter stems, the Ultra glasses maintain the generous size of the goblets, ensuring the highest level of functionality and drinking enjoyment.

# Stemmed Water

Elevate dining room service with a Stemmed Water glasses from Stölzle Lausitz. The thin-walled crystal glasses allow any type of water to look particularly refreshing and slim glasses keep the bubbles of carbonated mineral water longer. Conversely, a bulbous glass is suitable for a strong bubbling water to be quickly converted into a medium water.
