Hand Hold
A convenient hand hold hook makes stacking and moving easy.

2-Piece Hidden Tab Back
Our standard two-piece back provides a finished appearance while concealing hidden tab fasteners that provide maximum durability.

Seat and Back
Seats and backs are constructed with wood composite or plywood seat and backboards, and screw fastened for added rigidity.

Rear Bar
Standard rear bar provides additional lateral support and strength to prevent twisting and extend service life.

Stack Bars
Stack Bars ensure correct chair spacing when stacked to prevent frame distortion and provide greater stability.

Steel Tube Frame
Rugged 18 gauge tubular steel frames ensure a long service life and accept a wide range of durable paint and plated finishes.

Welded Frame
All frames, stack bars and rear bars are laser welded.

California TB133 Certified

Leg Bumpers
Small but essential, leg bumpers on all four legs

Floor Glides
Durable, non-marring standard glides or deluxe pivoting glides provide protection for hard surface and carpet floors
