FLATWARE

a solution for any price point

Walco provides a massive range of stainless steel flatware, ranging from economical 18/0 to fine dining 18/10 solutions. Inclusive of classic-casual designs to contemporary embossed handles, Walco patterns provide the assurance that you will find perfect place setting to accompany your dinnerware.

the hallmark collection 18/10 stainless steel

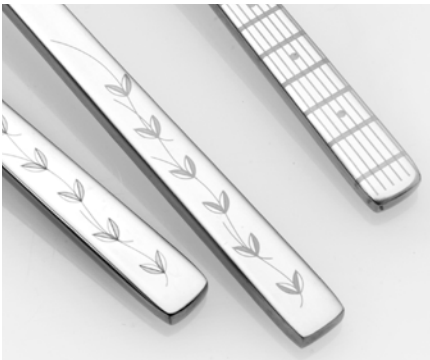

- Glows with beauty of silver but is made of maintenance free 18% chrome and 10% nickel
- Includes European forks & knives
- Features a few patterns with forged handles

18/10 stainless steel

- 18% chrome and 10% nickel
- The nickel content ensures resistance to staining and shines like silver for the life of the product
- Knives are made of 420 type stainless so a cutting edge can be maintained

18/0 stainless steel

- All 18% chrome patterns are magnetic, providing the opportunity to protect your flatware investment with the use of magnetic retrieval systems
- Heavy & medium weight patterns are machine finished for smooth, polished surfaces
- Fork tines & spoon bowls are graded for added tensile strength and balance

make it yours

Steelite's 'Laser-True' technology provides you with the ability to create a customized tabletop experience. Whether you are branding your company's logo or utilizing our in-house design services, Steelite International's etching capabilities take the portfolio of already impressive flatware patterns to a whole new level. Avoid the appearance of fingerprinting with our full and half satin finishes as well. Make it memorable, make it unique, make it yours.

top shelf quality steak knives

Walco has one of the industry's largest selections of steak knives to meet your specific needs. The finest Pakka Wood and Delrin Plastic are top of the line and available in standard & jumbo sizes, along with numerous size hardwood and polypropylene handles that round out the collection.

make it yours

Steelite's 'Laser-True' technology provides you with the ability to create a customized tabletop experience. Whether you are branding your company's logo or utilizing our in-house design services, Steelite International's etching capabilities take the portfolio of already impressive flatware patterns to a whole new level. Avoid the appearance of fingerprinting with our full and half satin finishes as well. Make it memorable, make it unique, make it yours.

HOLLOWWARE & BUFFET

committed to quality

With over 100 years of history, Walco has continued to grow and shape the foodservice industry. Offering a wide range of buffetware, the Walco name is synonymous with quality, dependability, and service. Each piece is carefully crafted using high quality stainless steel and featured in ranges of chafing dishes, buffet accessories, hollowware, serving utensils and more.

- Designed to withstand the rigors of foodservice
- Heralded as the leading induction-ready chafer in the industry
- Features an NSF Certified chafer
- 18/10 stainless steel hollowware and serving utensils keep the perfect shine

WALCO

reliable buffetware for the foodservice industry

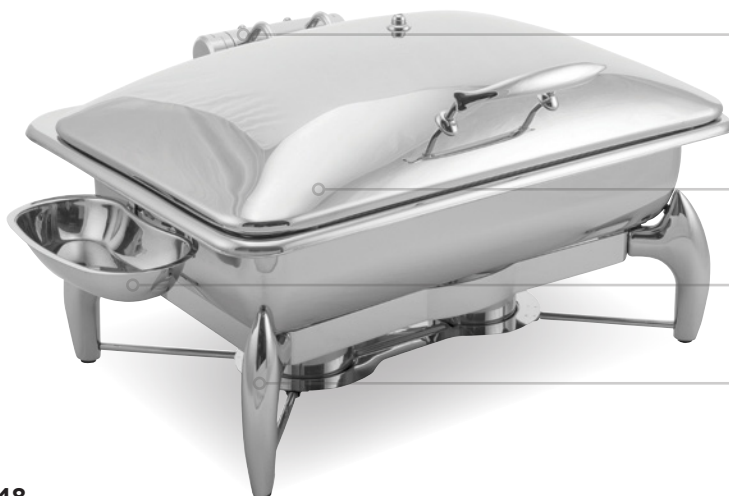

designed to withstand the rigors of constant buffet use

Available with glass or metal lid

Inside cover drip channel collects condensation back into the water pan and not the food pan

3-layer induction

The outside layer is magnetic stainless, which is most efficient when used with the induction heating process. The middle layer is aluminum which spreads heat out evenly. The inside layer is 18/10 stainless, the best for resisting stains.

Hinged & self closing lid

Removable lid for easy cleaning

Includes food pan and spoon holder

Separating stand for Hollowick chafing fuel

heralded as the leading induction ready chafer in the market

Enhance any buffet presentation with induction ready chafers by Walco. Idol™ chafing dishes are made of high-quality 18/10 stainless steel and are designed to withstand the rigors of foodservice. With the ability to use each chafer on induction or set on a stand to warm with chafing fuel, Walco Idol™ chafers include a built-in holder for a spoon rest to make service simple & convenient. The chafing dishes are also available with a removeable, solid stainless lid or glass, to allow customers to effectively see the contents without lifting the lid and releasing heat. Create a visual impact that's sure to impress with Walco chafers.

NSF certified and loaded with great features

Tested & approved by the NSF organization, the Walco Idol™ NSF Chafer has an induction ready bottom and a slow closing hinge that ensures the lid will not slam shut during operation. A “dripless” design with ventilation allows condensation on the lid to flow back into the water pan as opposed to on the countertop. With built-in grooves for an NSF-approved serving spoon and tongs, service is convenient, handles won't fall into the food, and the lid closes perfectly to keep the heat in.

induction heaters

the best alternative to open flame

Induction Heaters allow you to take control of the temperature, the duration, and the cost of your buffet heat. The Induction Heaters from Walco are products that meet the demands of today's culinary experts and are a heating source that easily attaches to most any size or shape chafing dish using the magnetic system. Induction bottoms are extremely efficient, allowing for quick and even heating and providing an environmentally friendly solution for any buffet presentation.

the soprano collection

Classic Italianate holloware collection made from 18/10 stainless steel for a long lasting finish. Soprano has a true gooseneck spout preferred for total accuracy in pouring. Argon welds ensure against leaks. All holloware covers have durable five knuckle hinges that allow the covers to open a full 180°, laying completely flat during washing. Hollow handles protect user while handling hot beverages.

maintain the proper temperature

Keep your chilled buffet creations fresh & flavorful with Deep Freeze Bowls from Walco. These multi-sized bowls are designed with double-wall insulation and feature a patented gel chamber that can be frozen to help maintain a cooler temperature for longer. The double wall also prevents condensation on the outside of the bowl, creating a clean look for any buffet presentation. Complete with a tight sealing lid, the Walco Freeze Bowls are made of 18/10 stainless steel and are dishwasher safe.

modern and sleek

The Idol™ serving pieces are inspired by the modern styling of Idol™ chafers. The sleek hollow handles dissipate heat keeping them comfortable to the touch even when left in heated food pans. The handles also highlight a convenient, curved design, making it easier to pick up off the table.

care & use guide

to retain a quality product, please follow the process below

HANDLING

- Slotted cylinders in a rack-suitable for sink or dishwasher use makes it possible to wash, transport, and dispense flatware with minimum handling.
- In a system where flatware is washed and stored in the same cylinder, the flatware should be sorted into the cylinders utensil side down to prevent hand contamination after cleaning.
- In a system where flatware is transferred from cleaning cylinder to a storage cylinder by inversion, it should be sorted in the cleaning cylinder utensil side up, so that it will eventually be stored utensil side down.

PRESOAK

- Remove all food remnants before presoak but avoid using steel wool or metal scrapers.
- Flatware should be pre-soaked immediately following its removal from the table.
- Flatware should not remain in presoak for longer than 10 min.
- Use presoak compound suggested by manufacturer of your detergent.
- Do not use presoak containing silver de-tarnishing agent on stainless. These products cause severe corrosion to flatware.
- It is very important that only a plastic or stainless steel pan is used for pre-soaking. **NEVER USE AN ALUMINUM PAN.**
- Make sure liquid or powder compounds are completely dissolved before flatware is placed in presoak.
- Change presoak frequently. Chemicals accumulate in the presoak and may cause harm.

WASHING

- After pre-soaking, immediately load flatware loosely into vertical cylinders.
- Never Wash Flat.
- Wash your flatware in hot water and a good cleaning agent.
- Use a nonabrasive or noncorrosive cleaning agent.
- Check dishwasher temperature twice daily, and make sure it is above 130 degrees.

RINSING

- The clean flatware should then be rinsed in water of at least 180 degrees.
- A wetting agent may be added to the rinse to prevent minerals in water from staining the flatware.
- Should you have very hard water, a softener is recommended.
- Make sure flatware in cylinders is loosely packed to allow air drying.
- Shake racks to remove any water.
- To prevent corrosion and film build-up, flatware **MUST** be rinsed thoroughly and dried immediately after rinsing.

STORING

- Always store stainless flatware in a dry area.
- Always store flatware tines, bowls, and blades down.
- Flatware must be clean and dry before storing.
- Make sure you have the proper amount of flatware for rush periods.
